

## David Bryan receives TMA Global Chair's Award

David Bryan, CEO of leading turnaround and restructuring boutique BM&T received the 2018 TMA Global Chair's award at the annual conference in Colorado Springs in September.

Chair, Milley Chow, seen presenting the award said, "David has been Finance Director of TMA Europe since it was established in 2011 and also serves on the board of the TMA UK chapter. He was also one of the first volunteers of EACTP, the first European professional body dedicated to promoting the accreditation of Turnaround Management professionals across Europe". "If anyone embodies the spirit of the Chair's Award it is David Bryan. David has been a long time and tireless advocate for TMA Global in Europe and is one of our biggest supporters. He is one of those volunteers who gives his time and more year after year. David has never lost his passion for TMA."

Accepting the award, David said: "I am honoured to receive this award and it has been a great pleasure to work with TMA for so many years. I am particularly proud of what we have achieved in Europe. The UK chapter is thriving and TMA Europe now runs three pan-European events every year. In the last two years the annual conference has attracted attendees from 23 different countries. Such events are informative and an invaluable networking opportunity.

"In my own business we founded a network in Europe for cross-border work several years ago called European Restructuring Solutions. All our European partner firms were known to us through TMA and there are several past chapter presidents and a current president among those firms. We also have a strong relationship with Conway MacKenzie here in the US. None of that could have happened without TMA. I would also like to thank all the other volunteers and support staff in Europe without whom we would never have achieved what we have."

TMA established the Chair's Award in 2001 to recognize individuals who have displayed outstanding leadership by fostering the growth and stature of the association and the corporate renewal industry, as well as having distinguished themselves as prominent professionals in their specific areas of practice. Conceived as a vehicle for honouring individuals at the pinnacle of their careers, this award is one of the highest distinctions that TMA can bestow upon a member.
